"The horrors are everywhere incomprehensible."
 Book of the Dead, "The Great Work of Your Mind" by C. G. Jung

**Paperback editions**

The majority of our titles and bestsellers are found in this edition. The paperback book is of the highest quality available in the world! It is presented in a large format running anywhere from 5.5 inches by 8.5 inches to 8.5 inches to 11 inches. With Professional designed covers and imaginative layouts that are both pleasing to the eye of the reader, Wasteland Press establishes itself as one of the great independent presses of today! Our paperback books are both durable and convenient, because our pages are heavy and will lay flat on its spine for easy reading. Thus, no need to hold the pages (like conventional paperbacks) to keep them from fanning on your current page. Just lay it flat and read!

This prestigious edition is aimed at the more thrifty shopper. Hand crafted and pressed, our imitation leather bound editions are crafted in the same way as our leather editions. All of our imitation leather books come with gold or silver embossing of title/author on the spine and front cover.

This is the prestigious edition that sets us apart from all the small presses of the world. Bound in luxurious, lamb skinned leather, this is not the usual cowhide of most leather bound editions. Hand crafted and pressed, our leather bound editions are unmatched in quality and are guaranteed to last generations with thick, acid neutral paper sewn into the spine. All of our leather books come with sewn in bookmarks and gold or silver embossing of title/author on the spine and front cover.
